

Team Involvement in Demonstration

Date	15 July 2026
Team ID	SL-2026-02
Project Name	Smart Lender – Loan Eligibility Prediction Using Machine Learning
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation
1	V Moulieswar	Project Developer & Presenter	Complete Project Demonstration	Presented the project introduction, problem statement, dataset description, data preprocessing, exploratory data analysis, feature engineering, machine learning model development, model evaluation, application workflow, prediction results, conclusion, and future enhancements. Also answered all evaluator questions regarding the implementation and performance of the system.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	V Moulieswar
Overall Team Coordination Rating (1–5)	5
Any Issues During Demo	No major issues were encountered during the demonstration.
How Issues Were Resolved	The project and presentation were thoroughly tested in advance, ensuring a smooth and successful demonstration.

Demonstration Outcome:

- Successfully demonstrated the complete loan eligibility prediction system.
- Explained dataset preprocessing, exploratory data analysis, feature engineering, model training, and prediction process.
- Showcased the working application and real-time loan eligibility prediction.
- Answered all questions related to machine learning algorithms, model performance, and future enhancements.
- Successfully completed the demonstration individually with confidence and effective presentation skills.
